Dust: Clean good liquoring RD's and Dust were a good market and mostly sold at around last levels. Others were little easier. CD's met with a fairly strong demand and generally sold at around last levels particularly the cleaner sorts. Rest however, were easier.

Comment: Well made useful liquoring descriptions were keenly sought after by all sections of the market and there generally sold at firm to occasionally a little dearer rates. Rest met with only a fair demand. Plainer types suffered fair withdrawals. Dusts were a good market.
