Dust: Clean good liquoring types met with a fairly strong demand and ruled firm to little dear. Others mostly held on to last rates. Cleaner CD's were a strong feature.

Comment: Quality on offer showed fair improvement which met a better demand than last. Well made good liquoring types were the brightest feature of the Sale and often appreciated in value following competition. Teas from the Northern District however, met with less demand and suffered large withdrawals. Dusts were a good market.
