Dust: Met with a fairly good demand. Clean good liquoring types sold readily at irregularly firm to generally easier rates. Rest were easier with some withdrawals.

Comment: A larger weight was offered this week and with quality showing an over-all decline, this sale met with an easier market. Major Blenders were active but closely followed quality. Loose Tea Traders were rather selective. Demand slackened as sale progressed leading to more withdrawals in the later part of the sale. Dusts followed the trend of the Leaf market and were generally easier. There were fair withdrawals.
