Dust: Met with a good demand. Prices for clean bright liquoring types were firm to occasionally slightly dearer. Rest were little easier. CD's were a strong feature especially the clean sorts.

Comment: Blenders operated actively especially for the clean bright liquoring types which however, eased in value. Others were also a good market at levels lower than last. Plainer types met with a limited demand. Dusts were a good market. There were some withdrawals in the later part of the sale.
